

FREE Eye-Opening Panel Discussion

with some of the top alternative therapists in the region.

Hidden Causes of Chronic Conditions: *Solving the Puzzle*

- Have you ever received a diagnosis and had it end there?
- Have you ever tested normal, yet you know something's not right?
- Do you feel like no one knows what's really wrong or what to do about it?
- Have you been told it's not curable but it *is* treatable?
- Have you been placed on medication... for life?
- Ever wonder what's causing your difficulty? If you knew the cause...
- Would you have a better chance of correcting the problem?

Session I: Sat 1/28/12

Dr. Andrew Lipton

Dr. Eric Balcavage

Andreja Milovic

Rodney Dietert

Session II: Sat 2/25/12

Dr. Robert Poane

Robert Bannan

Alan Tillotson

Ann Wilkinson

If you answer yes to any of the above, you won't want to miss this once-in-a-lifetime event. Eight holistic professionals will candidly discuss chronic disease in a way you've never heard before in a two-part discussion over a two-month period.

If you think your situation is hopeless... think again. There just may be a cure out there waiting for you. Come to both of these cutting-edge discussions and find out. In addition, energy practitioners will be offering free healing sessions beginning at 11:00 am so come early and enjoy.
